### ASSOCIATION ORGANIZATION

#### **Section 1. The International or Tier One Level:**

##### **1.1 International or Tier One Board Composition.**

- 1.1.1 The Tier One Board will consist of one representative from each Tier Two Board [each representative must have previous board experience]. These representatives would elect from their congress four officers, President, Vice President, Secretary, and Treasurer to lead the body. The President would then appoint Committee Chairs who would then select Committee members. Committee Chairs and Committee Members need not be voting members of the Board appointing them. The election of President and Vice President is to be regulated in a policy to be adopted by the Tier One Board.
- 1.1.2 The Tier One Board may, for the orderly and efficient conduct of Board business, create and fill additional Board seats. These seats shall be filled with one appointee from each Tier Two Board, in round robin fashion, with the first seat filled by an appointee from the Tier Two with the most members and proceeding, in decreasing order of membership, until all the Tier Two Boards have had an appointee selected. Should additional seats remain open, the selection will continue once again starting with most populous to least populous until all seats are filled. Should the vacancies be filled prior to a complete rotation through the Tier Two Boards, the next available seat will be filled by an appointee from that Tier Two that had been next in line during the previous selection.
- 1.1.3 While it is their right, Tier Two Boards are not required to appoint a representative to the Tier One Board. If they are unable or otherwise desire not to, they may forfeit their right to seat a representative for that Board term. Such forfeited seats may be filled by the current Tier One Board President with the majority approval of the current Tier One Directors. Failure to appoint a representative for a particular seating will not affect the Tier Two Board's absolute right to representation should additional seats become open in the same Board term or for seating in new terms.
- 1.1.4 Should it be determined by three-fourths vote of the Tier One Board of Directors that an individual Director is not, for whatever reason, fulfilling their obligations as a Director, the President of the Board may request a replacement representative from the appropriate Tier Two Board. Directors appointed under Article II Section 1.1.3 can be removed immediately by three-fourths vote of the Tier One Board and a request made to the Tier Two for a replacement.
- 1.1.5 The Tier One Board may implement term limit restrictions on Board membership as may be set forth in a policy adopted by the Tier One Board.

##### **1.2 International or Tier One Board Responsibilities.** The International Board is responsible for:

- 1.2.1 Sponsorship revenue generation and collection for activities that span multiple Tier Two areas of responsibility
- 1.2.2 Aiding Tier Two Boards with new Tier Three chapter development
- 1.2.3 Representing the Association at all Microsoft Worldwide Partner Conferences each year.

- 1.2.4 Fostering business development across their membership base providing a global spread of business partnership.

### **1.3 International or Tier One Board Financials.**

- 1.3.1 The Tier One Board will not charge nor collect membership dues from member companies or individuals or the lower tier boards. The one exception is in the absence of a Tier Two Board the Tier One Board will act as a Tier Two proxy empowered to collect dues and expend funds in support of the local chapter. Unobligated funds would be held until the Tier Two is established at which point those funds become the 'startup' money for the new Tier Two board.
- 1.3.2 The Tier One would maintain its own banking accounts separate from all other boards. It would not have any claim on or authority over a subordinate board's account except in the case of a Tier Two board's dissolution. In that case, any existing monies would be transferred to the Tier One board to be held as Tier Two startup money for up to a period of six months. If a restart does not occur within that period, the monies may be reclaimed as Tier One general funds.
- 1.3.3 The Tier One Board may solicit and be responsible for sponsorships that impact Association Members across multiple Tier Two jurisdictions. Sponsorships that impact Association Members within a single Tier Two area will be the sole responsibility of the impacted Tier Two.
- 1.3.4 The Tier One Board, with the approval of the Tier Two Boards, may request annual operational funding support from the Tier Two Boards. This would be paid in installments of a mutually agreed periodicity but at least every six (6) months. This payment may reflect a portion of the membership dues collected for those members residing in that particular Tier Two's geographical area of responsibility that have either joined the Association or renewed their membership during the above mentioned mutually agreed period. This payment shall not be less than US\$1 per applicable member and not greater than the amount mutually agreed by the Tier One and Tier Two Boards. Any amounts remitted to the Tier One Board for Annual Trademark and Licensing fee will be deducted from amounts payable by that Tier Two as annual operation funding support.

### **1.4 Association Trade Marks, Logo and other Marks.**

- 1.4.1 The IAMCP name, logo, and other associated marks are the property of the Association. It shall require the Tier Two Boards to pay it an annual Name and Trademark Licensing Fee of US\$1 per member, for those members residing in that particular Tier Two's geographical area of responsibility that have either joined the Association or renewed their membership during that annual period.
- 1.4.2 The Tier One Board may license Tier Two Boards once they have demonstrated sufficient membership strength in their nation/region to create a Tier Two Board of Directors capable of running the Board. Generally, this requirement will be considered met when:
- sufficient National or Regional membership exists that is geographically distributed such that having a single chapter for all members of the Nation or Region is impractical, and
  - the four (4) Officer positions, President, Vice President, Secretary, and Treasurer are filled with appropriately qualified volunteers.
  - the Tier Two Steering Committee or Board of Directors has been in place for at least 3 months time

- 1.4.3 The Tier One board, through the licensing agreement, shall require sufficient bylaws, structure, operations, and standards of conduct and ethics requirements on the Tier Two board to ensure their activities reflect positively on both the mission and the character of the IAMCP as a whole.
- 1.4.4 Should the Tier One board feel that a Tier Two is not meeting their obligations under the Licensing Agreement it may, by vote of three fourths of the Board of Directors, revoke the Tier Two charter and ban them from using the IAMCP name and logo.
- 1.4.5 The annual Name and Trademark Licensing Fee will be paid in installments of a mutually agreed periodicity but at least every six (6) months.
- 1.5 All other duties and powers not specifically delegated to the Tier One Board devolve to the Tier Two Boards.

- 2.1.2 The Tier Two Boards may, for the orderly and efficient conduct of Board business, create and fill additional Board seats. These seats shall be filled with one appointee from each Tier Three Board, in round robin fashion, with the first seat filled by an appointee from the Tier Three with the most members and proceeding, in decreasing order of membership, until all the Tier Three Boards have had an appointee selected. Should additional seats remain open, the selection will continue once again starting with most populous to least populous until all seats are filled. Should the vacancies be filled prior to a complete rotation through the Tier Three Boards, the next available seat will be filled by an appointee from that Tier Three that had been next in line during the previous selection.
- 2.1.3 While it is their right, Tier Three Boards are not required to appoint a representative to their Tier Two Board. If they are unable or otherwise desire not to, they may forfeit their right to seat a representative for that Board term. Such forfeited seats may be filled by the current Tier Two Board President with the majority approval of the current Tier Two Directors. Failure to appoint a representative for a particular seating will not affect the Tier Three Board's absolute right to representation should additional seats become open in the same Board term or for seating in new terms.

If a restart does not occur within that period, the monies may be reclaimed as Tier Two general funds.
- 2.3.3 The Tier Two Board may solicit and be responsible for sponsorships that impact Association Members within a single Tier Two jurisdiction. Sponsorships that impact Association Members within a single Tier Three area will be the sole responsibility of the impacted Tier Three.
- 2.3.4 The Tier One Board, with the approval of the Tier Two Boards, may request annual operational funding support from the Tier Two Boards. This would be paid in installments of a mutually agreed periodicity but at least every six (6) months. This payment may reflect a portion of the membership dues collected for those members residing in that particular Tier Two's geographical area of responsibility that have either joined the Association or renewed their membership during the above mentioned mutually agreed period. This payment shall not be less than US\$1 per applicable member and not greater than the amount mutually agreed by the Tier One and Tier Two Boards. ## ARTICLE V

### INDEMNIFICATION

#### **Section 1. When Indemnification is Required, Permitted and Prohibited:**

- 1.1 The Association will indemnify a director, officer, committee member, employee or agent of the Association who was, is or may be named defendant or respondent in any proceeding as a result of his or her actions or omissions within the scope of his or her official capacity in the Association. For the purposes of this article, an agent includes anyone who has either been elected to an Association position or is serving at the request of the appropriate Association board of directors as a director, officer, committee member, employee, or other volunteer. However, the Association shall indemnify a person only if he or she acted in good faith and reasonably believed that the conduct was in the Association's best interests. In a case of a criminal proceeding, the person may be indemnified on if he or she had no reasonable cause to believe that the conduct was unlawful. The Association will not indemnify a person who is found liable to the Association or is found liable to another on the basis of improperly receiving a personal benefit. A person is conclusively considered to have been found liable in relation to any claim, issue or matter if a court of competent jurisdiction has adjudged the person liable and all appeals have been exhausted.
- 1.2 The termination of a proceeding by judgement, order, settlement, conviction or on a plea of nolo contendere or its equivalent does not necessarily preclude indemnification by the Association.
- 1.3 The Association will pay or reimburse expenses incurred by a director, officer, committee member, employee or agent of the Association in connection with the person's appearance as a witness or other participation in a proceeding involving or affecting the Association when the person is not a named defendant or respondent in the proceeding.
- 1.4 In addition to the situations otherwise described in this paragraph, the Association may indemnify a director, officer, committee member, member, employee or agent of the Association to the extent permitted by law. However, the Association shall not indemnify any person in any situation in which indemnification is prohibited by the terms of Article III, paragraph 2.1 above.
- 1.5 The Association may advance expenses incurred or to be incurred in the defense of a proceeding to a person who might eventually be entitled to indemnification, even though there may have been no final disposition of the proceeding. Advancement of the expenses may only occur when the procedural conditions specified in paragraph 2.3 below, have been satisfied. Furthermore, the Association will never advance expenses to a person before the final disposition of a proceeding if the person is a named defendant or respondent in a proceeding brought by the Association or one or more members; or if the person is alleged to have improperly received a personal benefit or committed other willful or intentional misconduct.
- 1.6 If the Association may indemnify a person under the bylaws, the person may be indemnified against judgement, penalties, including excise and similar taxes, fines, settlements and reasonable expenses (including attorney's fees) actually incurred in connection with the proceeding. However, if the proceeding was brought by or on behalf of the Association, the indemnification is limited to reasonable expenses actually incurred by the person in connection with the proceeding.

## **Section 2. Procedures Relating to Indemnification Payments:**

- 2.1 Before the Association may pay any indemnification expenses (including attorney's fees), the Association shall specifically determine that indemnification is permissible, authorize indemnification, and determine that expenses to be reimbursed are reasonable, except as provided in paragraph 2.3 below. The Association may make these determinations and decisions by any one of the following procedures:
  - 2.1.1 Majority vote of a quorum consisting of directors who, at the time of the vote are not named defendants or respondents in the proceeding.
  - 2.1.2 If such a quorum cannot be obtained, by a majority vote of a committee of the Board designated to act in the matter by a majority vote of all directors, consisting solely of two or more directors who at the time of the vote are not named defendants or respondents in the proceeding.
  - 2.1.3 Determination by special legal counsel selected by the Board of Directors by vote as provided in paragraph 2.1.1 or 2.1.2 or if such a quorum cannot be obtained and such a committee cannot be established, by a majority vote of all directors.
  - 2.1.4 Majority vote of members, excluding members who are normal defendants or respondents in the proceeding.
- 2.2 The Association shall authorize indemnification and determine that expenses to be reimbursed are reasonable in the same manner that it determines whether indemnification is permissible. If special legal counsel makes the determination that indemnification is permissible, authorization and indemnification of reasonableness of expenses shall be made in the same manner specified by paragraph 2.1.3 above, governing the selection of special legal counsel. A provision contained in the bylaws or a resolution of members or the Board of Directors that requires the indemnification permitted by paragraph 1.1, above, constitutes sufficient authorization of indemnification even though the provision may not have been adopted or authorized in the same manner as the determination that indemnification is permissible.
- 2.3 The Association will advance expenses before final disposition of a proceeding only after the Association determines that the facts then known would not preclude indemnification and the Association receives a written affirmation and undertaking from the person to be indemnified. The determination that the facts then known to those making the determination would not preclude indemnification and authorization of payment will be made in the same manner as a determination that indemnification is permissible under paragraph 2.1 above.

In addition to this determination, the Association may advance expenses only after it receives a written affirmation and undertaking from the person to receive the advance. The person's written affirmation shall state that he or she has met the standard of conduct necessary for indemnification under the bylaws. The written undertaking shall provide for repayment of the amount paid or reimbursed by the Association if it is ultimately determined that the person has not met the requirements for indemnification. The undertaking shall be an unlimited general obligation of the person, but it need not be secured and it may be accepted without reference to financial ability to make repayment.

- 2.4 Any indemnification or advance of expenses will be reported in writing to the Association's members. The report will be made with or before waiver of notice of the next membership meeting or with or before the next submission to members of consent to action without meeting. In any case, the report will be sent within the 12-month period immediately following the date of the indemnification or advance.
